

Resource Guide

Brown and Adams County

Compiled by: YWCA and Community Partners

Revised: 8/23/2018

This 2018 edition of the Brown and Adams County Resource guide was developed by YWCA with the help of Brown and Adams County Community Partners. The intention was to have updated information for service providers and community members in need. The YWCA is a nonprofit organization that offers a variety of services for Domestic Violence and Sexual Assault survivors, therefore this guide is geared towards services that may be needed for those survivors. Over a period of eight months revisions have been made and this is the product of those revisions. This document will need to be updated periodically, and at this time we have not found an organization able to update this guide. If you know of an organization willing and able to receive updated information and maintain this guide, please contact the YWCA of Brown and Adams County and we will share the Word Document. Email suggestions to nfain@ywcacin.org . This Guide will be posted online and distributed freely electronically amongst service providers and the community. If an organization is not found to update this Guide, the YWCA will update it annually over the summer months.

Thank you to all contributors to this Resource Guide, without your help it wouldn't have been possible.

DISCLAIMER: Listing in this Resource Guide does not imply endorsement of services by the YWCA or Community Partners.
