Notice is hereby given that the Board of Brown County Commissioners will hold the 1st Public Hearing for Community Development Block Grant (CDBG) programming on March 2nd, 1:00 P.M. 2022 in the Brown County Commissioners Office, 800 Mt. Orab Pike, Georgetown, Ohio.

The Board of Commissioners is eligible to apply to the Ohio Department of Development for funding under the Community Development Block Grant (CDBG) Small Cities Program, and the Office of Community Development (OCD). The County is eligible to apply for Program Year 2022 CDBG funding, providing the County meets the applicable program requirements.

The purpose of the Public Hearing is to provide citizens in all jurisdictions (cities, villages, etc.) with information about the entire PY 22 Small Cities CDBG Program and PY 22 HOME Program and to permit discussion of possible applications to the Ohio Department of Development. A number of PY 22 CDBG and HOME programs may be available to the County including the Community Development Allocation Program, Critical Infrastructure, Residential Public Infrastructure, Community Housing Impact and Preservation (CHIP) Program, Economic Development Program, Neighborhood Revitalization Program, New Horizons Fair Housing Assistance Program, and Downtown Revitalization Program. The Community Development Allocation, CHIP, and Economic Development Programs will be discussed in detail.

In addition to an explanation of the Community Development Allocation, CHIP and Economic Development Programs, the Brown County Economic Development Revolving Loan Fund (RLF) will also be reviewed. The CDBG financed RLF will permit the County to provide loans and grants at the County's discretion for the purposes of economic development.

The Public Hearing will cover eligible activities, program requirements, funding allocations, and related matters. The CDBG and HOME programs can fund a broad range of activities, including, but not limited to, economic development projects; street, water supply, drainage and sanitary sewer improvements; demolition of unsafe structures; and rehabilitation of housing and neighborhood facilities. The activities must be designed to primarily benefit low-to-moderate income persons, aid in the preservation or elimination of slum and blight, or meet an urgent need of the community.

The following CDBG programs are available to Brown County. All funding levels are approximated due to the commencement of Brown County's 1st 2022 CDBG Public Hearing prior to the release of program funding cap information for the PY 22 year from the Ohio Department of Development:
